## HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

## Heptol Splits

are for,

DELICIOUSLY PALATABLE,

GENTLE IN ACTION,

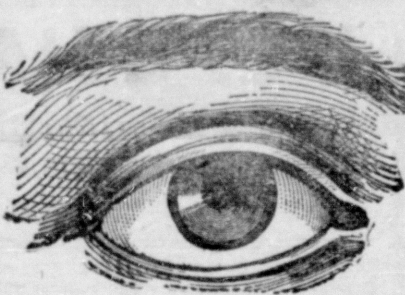

GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

## THE MINERS' STRIKE

Sheriff of Lackawanna County Tires of Lawlessness.

## ORDERS ARE ISSUED

He Then Appeals to the Governor for Troops--A Series of Outbreaks in the Region of Scranton Caused the Request.

Scranton, Pa., Sept. 23.—Sheriff Schadt of Lackawanna county Monday night telegraphed Governor Stone to send troops to his assistance. The sheriff had just given out a proclamation announcing that he would call for troops if the lawlessness did not cease, when he received a series of telephone calls to quell disturbances up the valley, and he asked for troops.

Adjutant General Stewart called the sheriff by telephone at 9 o'clock and had a long conference with him. The adjutant general suggested that a posse of members of the Citizens' alliance be called upon for assistance. While the sheriff was preparing to act on this suggestion he received more reports of violence up and down the valley, and at once sent another urgent telegram to the governor calling for assistance immediately.

The worst of Monday night's outbreaks occurred at Archbald. A crowd of 200 strikers, mostly foreigners, ransacked the quarters occupied by forty men employed at the Raymond washery of the Ontario and Western company while the men were at work, and then meeting with the men as they were returning home drove them back to the washery. The mob then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker.

The plant of the Crescent Electric Light company, which is supplied with steam from the breaker, had to shut down, and the whole region was left in darkness.

In the attack on the breaker two men were shot, one a striker and the other a watchman.

Chief Deputy Sheriff Miles McAndrew was attacked and shot at by a mob at Olyphant. The steam pipes of the Pennsylvania Coal company's colliery at Old Forge were blown up with dynamite. Two colored cooks at the William A. colliery were rescued by deputy sheriffs from a crowd that was threatening to lynch them.

### Troops Ordered Out.

Harrisburg, Pa., Sept. 23.—Governor Stone issued an order shortly after midnight Monday night directing the Thirteenth regiment to report to General Gobin for duty in the strike region. The camp equipage will be shipped from the state arsenal. The regiment consists of eleven companies and its strength is about 700.

Should there be another outbreak the Ninth regiment with headquarters at Wilkesbarre, will probably be ordered out.

### Big Fire at Birmingham.

Birmingham, Ala., Sept. 23.—Part of one wall of the Saks building has fallen and it now looks as if the building is doomed. The firemen are now directing their efforts toward saving adjoining buildings. The loss will be about \$220,000.

At 2:20 a. m. the building occupied by Louis Saks, clothier, is burning and the flames are beyond control of the fire department. The entire block is in danger.

### Demonstration Against Education Bill.

London, Sept. 23.—The success of the Yorkshire demonstration against the education bill has stimulated the zeal of the non-conformist leaders and a series of mass meetings is now favored throughout England and Wales. The movement has been greatly strengthened by the abandonment of the agitation against the payment of rates in event of the passage of the bill.

### Bank Officials Suspended.

Vienna, Sept. 23.—Neue Freie Presse announced that four officials of the Vienna Lander bank have been suspended in connection with the defalcation of Edmund Jollinke, formerly employed in the cashier's department of that institution, who disappeared Sept. 18, and whose accounts show a shortage of \$1,150,000 was subsequently discovered.

### Interfered With Non-Union.

Harrisburg, Sept. 23.—Five women and three men were arrested at Wisconsin by Sheriff Reiff and deputies for interfering with non-union men at work in the Lykens Valley colliery at Lykens. The offenders were brought to Harrisburg and committed to jail in default of bail for trial.

### Granted Without a Strike.

New York, Sept. 23.—A strike of piano and organ makers employed in several factories has gone into effect to enforce demands for a 10 per cent increase of wages and the nine-hour work day. Two thousand men gained the demands without a strike.

## ADMITS HIS IDENTITY

William Hooper Young Forced to Acknowledge His Name.

## CONSENTS TO RETURN

He Agrees to Go Back to New York Without Forcing Requisition Papers—Also Recognized by a Former Partner.

Derby, Conn., Sept. 23.—William Hooper Young, for whom the police of New York have been searching in connection with the murder of Mrs. Anna Puittzer, is now in the Derby jail. He was arrested by the local authorities and was fully identified. He has consented to return to New York without requisition papers.

In the guise of a tramp Young had been wandering about the country for several days, when he was arrested by the Derby police on suspicion. Although his description corresponded closely with that sent out by the New York officers, the prisoner at first stoutly denied any connection with the murder and even when he was confronted with a man who was formerly a fellow workman he still denied his identity. But upon the arrival of a man with whom he was intimately acquainted, the prisoner acknowledged that he was William Hooper Young. He will be taken to New York.

It was to Mac Levy, a physical culture instructor of Brooklyn, and Detective Sergeant Edward Hughes, of New York, that the prisoner admitted his identity. Levy and the detective arrived here and were at once conducted to the prisoner's corridor in the jail. The suspected man, who up to this time had insisted that he was Bert Edwards, of Portland, Ore., was taken from his cell and met Levy in the corridor.

"Hello, Hooper," exclaimed Levy as soon as the prisoner appeared. There was no response and no sign of recognition from the suspected man, but when Levy again saluted him, he said calmly:

"I don't know you."

"Of course you know me," said Levy, and placing his hand on the shoulder of the prisoner, he spoke in a low tone for several minutes. The prisoner said:

"You should be sure of your identification. This is a terrible crime for which I am held."

Then at the command of one of the officers Young began to divest himself of his clothing that Levy might complete his identification, but before he had finished he was led back into his cell. Mac Levy and Detective Sergeant Hughes accompanied him. There the officer told the prisoner formally the reason for his arrest and the nature of the crime of which he is suspected. The prisoner then for the first time admitted that he was William Hooper Young. He talked with the officer regarding his return to New York, and expressed a willingness to go back at once without requisition papers.

While Detective Sergeant Hughes was talking with Young an acquaintance of the latter, Dixie Anzer, of Hoboken, passed by the cell and looked in. Mr. Anzer, who was formerly a business partner of Mr. Young, was somewhat in doubt about the identity of Young, but as he went by the prisoner raised his head and exclaimed:

"Hello, there's Ansey."

While Mr. Levy's identification of Young and the latter's own admission cleared up all certainty regarding the case, the police had been positive for several hours that they had the man they wanted.

### Enormous Wheat Shipments.

Galveston, Tex., Sept. 23.—The enormous wheat shipments through Galveston continue. The Santa Fe has 170 cars of wheat in the yards which is being unloaded into the elevators as rapidly as possible. The elevators have been running day and night for some time and are taking the wheat from the cars and loading into the ships as fast as modern machinery and equipment enables them to handle it. The Santa Fe has brought in an average of 100 cars of wheat per day this month, and other roads are also bringing in their share of the large wheat movement.

### Pioneer Woman Dead.

Mesquite, Tex., Sept. 23.—Aunt Rachel Lumley, the oldest settler in this county, died Monday. She was born in Ohio and came to this county from Illinois fifty-three years ago and settled on White Rock creek near Dallas. She lived there six months and moved to the house where she died, two miles southeast of this place. She was 78 years old and leaves three sons and a daughter, all citizens of this community.

### Dead Beside the Track.

Lake Charles, La., Sept. 23.—The remains of a man about 25 years of age were found Monday near the Southern Pacific track east of the city near a small trestle. Appearances indicated

### NO PERMANENT GOOD.

Secretary Hay's Note as to Treatment of  
Jews in Roumania.

London, Sept. 23.—"Nothing that would be of any permanent good can result from Secretary Hay's note to the powers on Roumania's treatment of the Jews unless somebody is willing to crush Roumania and no power seems anxious to take on that task."

The foregoing quotations from utterances of an experienced British official represents the real opinion of the British foreign office on the subject of negotiations between America and Europe and represent it with terse, straightforwardness which is not likely to figure in guarded diplomatic replies which Hay's note will eventually produce.

The Associated Press is to able say Great Britain's back up of the United States in Roumanian matter has only produced the evidence that the signatories of the Berlin treaty absolutely refuse to take other than merely sentimental action towards alleviating the persecution of the Jews.

### Ticket May Be Changed.

Saratoga, N. Y., Sept. 23.—In speech following his selection as chairman of the King's county delegation Lieutenant Governor Woodruff said it was by no means certain the ticket as now arranged would be nominated. Subsequently he explained to inquirers that he did not think Sheldon would be nominated, adding that sentiment was against him.

### Both Cases Dismissed.

Birmingham, Ala., Sept. 23.—The cases against John Ballou, the Baltimore negro attorney, and Will Hicks, the Birmingham negro, who had a difficulty in the choir loft at the Shiloh Baptist church when the calamity occurred, were not pressed in the criminal court her. The pastor recommended this course.

### Relations Strained.

London, Sept. 23.—The Associated Press is in a position to announce that diplomatic relations between Great Britain and Venezuela are on the verge of being severed.

### BANQUET TO DR. HOUSTON.

Tendered by the Business League—  
A Formal Welcome.

Dr. David F. Houston, president of the Agricultural and Mechanical college, was tendered a banquet by the Business League of Bryan last night at the Exchange hotel. The affair was in the nature of a formal welcome to Dr. Houston, and an earnest of continued good will towards the great institution to which Dr. Houston was recently called as its head.

Dr. Houston was escorted to the city by Messrs. W. E. Saunders and Ed Hall, president and vice president, respectively, of the Business League, and conducted to the K. of P. hall where a called meeting of the League was held in order that the business men of the city might have an opportunity to meet Dr. Houston.

From the League rooms the guest of honor was conducted to the hotel. Covers were spread for sixty persons, and the company was representative of the business and professional interests of the city. The menu, served in courses, was more in the nature of an elaborate luncheon than a banquet, and was well prepared and served. There were no wines.

Major L. L. McInnis was master of ceremonies, and presided with tact and dignity. The speeches took range in keeping with the sentiments proposed and were in rapport with the spirit of the occasion.

### BIG OIL DEAL.

Holdings of Sour Lake Company Fur-  
chased by English Syndicate.  
Beaumont, Tex., Sept. 23.—W. T.  
Campbell, manager of the Hogg-  
Swayne syndicate, has authorized the  
statement that the Hogg-Swayne syn-  
dicate is in no wise concerned in the  
purchase of the property of the Sour  
Lake Springs company, as reported.  
The story obtained circulation through  
the fact that a deal has been made  
whereby an English syndicate, which  
is represented in this country by J.  
B. Roach, has purchased the entire  
holdings of the Sour Lake company.

Mr. Roach is out of the city, but it  
is learned from a reliable source that  
the deal is in the nature of an option  
of six months' duration and that the  
contracts have all been signed. The  
consideration involved is \$1,000,000. It  
is stated also that it is the intention  
of this syndicate to begin a vigorous  
development of the Sour Lake field by  
putting down a number of new wells  
and otherwise equipping the field with  
tankage and pipe lines necessary to  
handle the oil.

The property purchased covers 100  
acres of the best oil field at Sour Lake  
and includes the Sour Wells hotel  
property and other improvements.  
When Mr. Roach will return here is  
not known, but the facts as given  
above are vouched for on the best of  
authority, but in such a way that the  
statement can not be authorized by  
the informant.

### Big Damages Asked.

Beaumont, Tex., Sept. 23.—D. R.  
Beatty has filed suit in the district  
court against the National Oil and  
Pipe Line company and the Texas  
Western Oil company, in which he  
asks for damages aggregating \$250,000.

Plaintiff's petition alleges in sub-  
stance that said Beatty and A. Tem-  
pleton were the only owners of an oil  
lease on what is known as the Adams  
ten-acre tract on Spindletop and that  
the lease was subsequently sold to the  
Texas Western Oil company and later  
to the National Oil and Pipe Line  
company, and the plaintiff alleges that  
he has never received his proportion of  
the profits accruing from the sale of  
the lease, to his damage in the sum  
stated above.

Plaintiff further alleges that he is  
informed that the Texas Western com-  
pany is about to distribute the money  
received from the sale of this lease  
among its stockholders, and, if this is  
done, the defendant will be unable to  
respond to his claims for damages. It  
is also alleged that the plaintiff is in-  
formed that \$350,000 of the amount  
due the Texas Western by the National  
oil company is represented by negoti-  
able paper evidencing such indebted-  
ness, and an injunction is asked to re-  
strain defendants from disposing of  
said paper or any portion of the money  
or stock belonging to plaintiff under  
the terms of his contract.

### FIGHT TO DEATH.

Four Men Killed, One Mortally Wound-  
ed and Several Hurt.

Eufaula, I. T., Sept. 23.—In a fight  
among feudists at Spokogee, I. T.,  
Monday four men were killed one  
mortally wounded and several others  
slightly injured. The dead are:

Willis Brooks.

Clifford Brooks.

John Brooks, all of the Brooks fac-  
tion.

Old man Riddle of the Riddle fac-  
tion.

John Brooks was mortally wounded.

Of the half dozen others who were  
shot three were spectators, but none  
were seriously injured.

### ONE SIDE OF FIGHT.

John McFarland Tells of the Battle in  
Which He Was Principal.

Eufaula, I. T., Sept. 23.—Describing  
the feud fight between the Brooks' and  
Riddle factions at Spokogee, I. T., in  
which Willis, John and Clifford Brooks  
and "Old man" Riddle were killed and  
John Brooks mortally wounded, James  
McFarland, of the Riddle party Mon-  
day night said:

"Willis Brooks and his two sons,  
Cliff and John came to Spokogee armed  
and met Riddle at the postoffice. John  
Brooks stopped the old man and  
threatened to kill him. I was stand-  
ing on the corner when Riddle ran  
and Willis Brooks threw a cartridge  
into his gun and said he would 'kill  
Riddle for luck.' He fired and missed,  
but Cliff Brooks then shot Riddle in  
the back of the head as he ran out.  
He fell dead. He was unarmed. John  
Brooks then told his father to look at  
me, standing on the corner. Willis  
Brooks and his boys began firing at  
me and I returned the fire. Willis  
Brooks, fell, arose, and began shoot-  
ing again but finally fell for good. The  
boys then went down, shooting to the  
last."

McFarland and the other Riddleites  
surrendered and are in jail.

### Trouble With Negroes.

Frisco, Tex., Sept. 23.—Considerable  
excitement prevails here on account  
of race feeling. A committee of about  
thirty citizens have notified the ne-  
groes to leave town, while a petition  
has been circulated and signed by  
about a dozen citizens asking them to  
remain. There are 100 or more who  
say they will run them out and a ma-  
jority on both sides are armed. Trou-  
ble is feared.

### Killed in a Wreck.

Paducah, Ky., Sept. 23.—A spread-  
ing rail which wrecked an Illinois  
Central freight train at Boaz, sixteen  
miles below this city, demolished  
twelve cars of merchandise and five  
empty. Joe Milburn of Mayfield, Ky.,  
who was riding on a tank car, was killed.  
A negro trainman is believed to be  
dead in the wreckage.

## CLUB SEASON OPENS.

Brilliant Musical Entertainment Given by Mrs. W. H. Oliver.

The new club year may be said to have formerly opened locally yesterday afternoon with a brilliant musical entertainment given by Mrs. William Holt Oliver, president of the Shakespeare club.

The invitation lists contained the names of one hundred ladies of Bryan and College and nearly all of them were present. It was the first social function of importance this season and new gowns of exquisite texture and design were much in evidence.

The rooms, arranged en suite, were artistic in the absence of design in the decorations. Plants and flowers were disposed with "disorderly order and careless care."

Entering the reception hall, the guests were received by Mrs. M. Parker, Mrs. G. S. Parker, Miss Friend, Madames P. S. Tilson, H. G. Rhodes, M. W. Sims, L. L. McInnis, Edward Hall and Paul M. Raynor, and thence ushered into the parlor to be received by Mrs. Oliver, Mrs. A. B. Carr Jr., Mrs. F. E. Pryor, Mrs. Frank Clarke, Mrs. John B. Hines, Mrs. J. A. McQueen, and Mrs. H. A. Berger.

A thoroughly artistic program of classical music with piano and violin was given by Herr Fritz Schmitz and Mrs. Estelle Roy-Schmitz of Dallas. Both are well known as among the leading musicians of the state, and the opportunity of hearing them was an infinite delight to the ladies present. The selections were from Bach, Handel, Haydn, Wagner, Mozart, Beethoven, Schubert and other immortals.

Cream and cake in dainty form were served for refreshment. The delicious punch was dispensed by the young ladies of the Shakespeare club from a bowl embedded in natural plants and flowers.

Pitt Barnes of Waco, was in town yesterday.

John Darter of Madison county, was in the city yesterday.

Miss Kate Friend of Waco is the guest of Mrs. W. H. Oliver.

George Deaton returned to Ledbetter yesterday, accompanied by Mrs. M. A. Patterson.

Frank J. O'Donnell, general press agent for Buffalo Bill's Wild West show, called on the Eagle while in the city yesterday.

Mr. John Bates of Madison county, has purchased the City market of Mr. John W. Hicks. The latter contemplates moving out west.

Tip Holloman, Bob Allphin, Malone Hill, John Thompson, John Linley and others were here yesterday from Madison and Leon counties, bringing ten or twelve wagons of cotton.

The National Entertainment company will appear at the opera house assisted by local talent, in matinee and night performance for the benefit of the school library Thursday night, September 25. Admission matinee, 10 and 25c; at night 15, 25 and 35 cents. The wonderful life motion picture machine, wonderful, entertaining and instructive will be operated by Prof. S. H. Nikkel. There will also be illustrated songs and a lecture.

Beginning at 4:30 Friday afternoon Sept. 26, and continuing Friday night the Merry-Go-Round, located just south of the H. & T. C. passenger depot, will be run for the benefit of Class No. 3 of the Methodist Sunday School. This class is composed of little girls who have pledged themselves to raise funds for a handsome communion table for the new Methodist church. Keep the date in mind and be on hand for a good time. 251

Work is progressing satisfactorily on the new Methodist church. Finishing work is being done in the spacious Sunday school room. A large part of the tin roof has been put on, and the pressed brick work is beginning to show up well. The building already gives promise of the great beauty that will characterize it.

## MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes: "I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

## CULTIVATION OF RICE

Company Proposes to Irrigate by an Entirely New Plan.

### TO USE ELECTRICITY

Instead of Storage Reservoirs Numerous Wells Will Be Placed on the Plantation and the Water Pumped Over Fields.

New Orleans, Sept. 23.—Messrs. Nahl and Graybill are here from Houston, Texas, for the purpose of securing material for the construction and equipment of a large electrical plant for irrigation purposes on a tract of 10,000 acres of rice land near Houston. These parties say they have expended considerable money in making necessary tests and experimenting, and are ready to demonstrate to a reasonable certainty that their plan is the right and practical idea.

They propose to put the new plans into operation immediately. These plans are to erect centrally located an electrical power plant on the plantation which will operate a series of pumps in wells that are put down at proper intervals throughout the tract. The power will be conveyed from place to place by wires. A rice mill will be erected, operated with the same power and a good sized town nearby will be lighted. In short, every portion of the motor power on the plantation will be furnished from the electric plant.

It is calculated the cost of equipping the 10,000-acre tract with an electric plant will be \$250,000. This will be just \$25 per acre. This estimate will include the rice mill, which will be entirely modern. They have made water tests and are prepared to demonstrate that an inexhaustible supply of water underlies their land and that of from only fifty to sixty feet.

"Our electrical pumping and milling plans are cheaper than the ordinary canal irrigation plan," said Nahl. "We will never be at the mercy of dry weather, which occasionally makes it impossible to get the necessary amount of water from the rivers and streams even when the irrigation canals are in perfect condition."

### RIGGIN'S IMPEACHMENT.

Waco Applies to Court of Appeals to Dissolve the Injunction.

Austin, Sept. 23.—City Attorney Alan D. Sanford of Waco has filed a petition with the court of civil appeals praying the court to dissolve its injunction restraining the city council of the city of Waco from further action in the impeachment proceedings against Mayor J. W. Riggins. The petition recites as reason for dissolving the injunction that neither the district courts nor the court of civil appeals has jurisdiction to grant injunctions as the city can by rights of its charter remove any officer without interference by the courts. The court set Friday morning to hear arguments in the case.

The railroad commission has issued its new tables of mileage of the railroads in Texas. The new table becomes effective Oct. 1. It is revised up to date and contains all stations on the International and Great Northern and Texas and New Orleans extensions. While there are several railroads which have not sent in their annual report which should have been done Sept. 15, it is not believed the attorney general will take any action as the roads promised to send in reports at an early date.

### No Settlement at Palestine.

Palestine, Tex., Sept. 23.—The long-looked-for settlement of the machinists' strike which is still on here, has not yet materialized and there is now very little hope that it will be settled at least any way favorable to the strikers. Some of them still remain here, but most of them have gone to other places to work. The railroad officials are firm and say they have plenty of competent men to handle their machines, while some of the strikers say the engines are daily getting into bad condition.

### Man Eating Lion Dead.

Hobart, Okla., Sept. 23.—Nick Wallace, the great man-eating lion, who had a record of eleven men and two horses, died in Hobart, Okla., on Sept. 16. He was the property of a circus, which was in Hobart at the time of his death. Nick Wallace was the oldest and largest lion ever taken into captivity, and during his twenty-five years of confinement, has traveled throughout the United States, the property of various circus men.

### Fire Damage Repaired.

Beaumont, Tex., Sept. 23.—Property owners in the area on the Keith-Ward tract, which was burned over by the recent fire, are rapidly putting the place back in better shape than it was before the fire. New derricks have been built over nearly every well and pumping machinery is being placed as fast as it is received. It is more than probable that some of the wells will be producing within a few days.

### Test Case Will Be Made.

El Paso, Tex., Sept. 23.—Three saloon men were arraigned in the police court here Monday for keeping their doors open on Sunday in violation of the mayor's closing proclamation. Two of them are accused of selling liquor over the bar, but the third merely served intoxicants to guests at the table in his restaurant. He claims that he has a right to do this under the law and will make a test case of it.

### YOUNG AT NEW YORK.

The Alleged Murderer of Mrs. Pulitzer Placed in Prison.

New York, Sept. 23.—When the train from Derby, Conn., with William Hooper Young on board, arrived at the Grand Central station, there was a crowd of 400 or 500 at the station. The crowd was orderly and no demonstrations against Young were made, though preparations for taking care of Young and keeping the crowd from surrounding him had been made. When the train was stopped the passengers were told to keep their seats for a few minutes. Then Young, who was in a smoker, was taken off first. He was led to a closed carriage and accompanied by Detectives Hughes and Findlay and Hart, the prisoner's counsel, who came down from Derby with the party and was also driven to police headquarters. The prisoner hand-cuffed to Findlay, was led through the large crowd that had gathered to see him. He plainly was in a condition bordering on collapse when led up the steps into headquarters.

Young's departure from Derby was witnessed by several hundred persons at the railroad station, but he paid no attention to the curiosity spectators. He looked fresh and much better than Monday when he went through the trying ordeal of identification. The prisoner made no objection to his removal to New York.

William F. Hart of New York, who has been retained as counsel for Young, said:

"If this man is sane; if he is all right, I do not know what to think. His story is more like that of a madman. It is simply wonderful. I want to have him examined by an expert on sanity before I go on. His motive was not revenge."

### LOGANPORT WAS OUT.

Crowd There Greets the President and Heard His Address.

Logansport, Ind., Sept. 23.—President Roosevelt and party reached Logansport at 7:15 o'clock this morning. A large crowd was assembled at the Wabash station to greet him. His stop was not long, but he made a speech from a platform built on the high school lawn. The party was driven to the high school at a brisk trot, Spanish war veterans and Grand Army of the Republic marchers could not keep up. Mayor Vaughan introduced the president, and the speaker was interrupted frequently by cheers. Upon the platform were seated fifteen persons, and the president shook hands with a few of these before leaving. Others tried to shake hands as he climbed in his carriage. The crowd seemed to resent this, for when President Roosevelt was here during the last campaign he shook hands with every one who could get near enough.

Four of the local police force mounted were detailed to guard the president's carriage, and they had about all they could do keep within range. Secret service men accompanying the president were in a carriage next to the president and kept a watchful eye on the crowd.

### FROM THE ORIENT.

Boxer Chiefs Excite Their Followers to Insurrection of Shen Si.

Victoria, B. C., Sept. 23.—The steamer Tacoma from the orient brings advice from Peking that the Mandarins have been informed from Cheng Tu Scheunwe where the boxer outbreaking has assumed such proportions, that Li Lai Chung, principal chief of the boxers of Shen Si, and Lieutenant Prince Tuan have arrived at Cheng Tu just prior to the outbreak and fomented the insurrection. The correspondent at Cheng Tu says the mere presence of this man aroused the boxers to frenzies of enthusiasm.

From Singapore the steamer brought news that the Siamese have sent a warship to kidnap the rajah of Tulobin and the rajah of Ptni, who was kidnapped some time, been postponed. The rajah of Tulobin too is to be kidnapped as was the other rajah in order to compel him to sign the document by which he abandons the right to the kingdom of Siam. Intense indignation prevails among the Malays.

### Earnings of the Wabash.

New York, Sept. 23.—Gross earnings of the Wabash railroad according to the annual report just issued, shows an increase for the year of \$1,049,028 and the net earnings were increased \$403,687. The net surplus is \$201,460, an increase of \$108,324. The report of O. D. Ashley, chairman of the board, states that during the year a mortgage of \$3,500,000 was executed to acquire the Omaha and St. Louis railway.

### Damage for Loss of Whiskers.

New York, Sept. 23.—A peculiar damage suit has been brought against a street railway company of this city by Simon Kurtz, who seeks to recover the sum of \$10,000 because of a fall which compelled him to shave off his beard. Kurtz is a cantor, or singer in a synagogue. Since losing his beard he declares he can no longer follow his profession under the rules of the church.

### Horse Show Rules and Prizes.

New York, Sept. 23.—The prize list for the eighteenth annual exhibition of the National Horse Show association to be held at Madison Square Garden in the week beginning Nov. 17, has just been issued. Sheriff of Lackawanna County Tires of Lawlessness.

### ORDERS ARE ISSUED

He Then Appeals to the Governor for Troops--A Series of Outbreaks in the Region of Scranton Caused the Request.

Scranton, Pa., Sept. 23.—Sheriff Schadt of Lackawanna county Monday night telegraphed Governor Stone to send troops to his assistance. The sheriff had just given out a proclamation announcing that he would call for troops if the lawlessness did not cease, when he received a series of telephone calls to quell disturbances up the valley, and he asked for troops.

Adjutant General Stewart called the sheriff by telephone at 9 o'clock and had a long conference with him. The adjutant general suggested that a posse of members of the Citizens' alliance be called upon for assistance. While the sheriff was preparing to act on this suggestion he received more reports of violence up and down the valley, and at once sent another urgent telegram to the governor calling for assistance immediately.

The worst of Monday night's outbreaks occurred at Archibald. A crowd of 200 strikers, mostly foreigners, ransacked the quarters occupied by forty men employed at the Raymond washery of the Ontario and Western company while the men were at work, and then meeting with the men as they were returning home drove them back to the washery. The mob then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker.

The plant of the Crescent Electric Light company, which is supplied with steam from the breaker, had to shut down, and the whole region was left in darkness.

In the attack on the breaker two men were shot, one a striker and the other a watchman.

Chief Deputy Sheriff Miles McAndrew was attacked and shot at by a mob at Olyphant. The steam pipes of the Pennsylvania Coal company's colliery at Old Forge were blown up with dynamite. Two colored cooks at the William A. colliery were rescued by deputy sheriffs from a crowd that was threatening to lynch them.

#### Troops Ordered Out.

Harrisburg, Pa., Sept. 23.—Governor Stone issued an order shortly after midnight Monday night directing the Thirteenth regiment to report to General Gobin for duty in the strike region. The camp equipage will be shipped from the state arsenal. The regiment consists of eleven companies and its strength is about 700.

Should there be another outbreak the Ninth regiment with headquarters at Wilkesbarre, will probably be ordered out.

#### Big Fire at Birmingham.

Birmingham, Ala., Sept. 23.—Part of one wall of the Saks building has fallen and it now looks as if the building is doomed. The firemen are now directing their efforts toward saving adjoining buildings. The loss will be about \$220,000.

At 2:20 a. m. the building occupied by Louis Saks, clothier, is burning and the flames are beyond control of the fire department. The entire block is in danger.

#### Demonstration Against Education Bill.

London, Sept. 23.—The success of the Yorkshire demonstration against the education bill has stimulated the zeal of the non-conformist leaders and a series of mass meetings is now favored throughout England and Wales. The movement has been greatly strengthened by the abandonment of the agitation against the payment of rates in event of the passage of the bill.

#### Bank Credits Suspended.

Vienna, Sept. 23.—Neue Freie Presse announced that four officials of the Vienna Lander bank have been suspended in connection with the defalcation of Edmund Jollinke, formerly employed in the cashier's department of that institution, who disappeared Sept. 18, and whose accounts show a shortage of \$1,150,000 was subsequently discovered.

#### Interfered With Non-Union.

Harrisburg, Sept. 23.—Five women and three men were arrested at Wisconsin by Sheriff Reiff and deputies for interfering with non-union men at work in the Lykens Valley colliery at Lykens. The offenders were brought to Harrisburg and committed to jail in default of bail for trial.

#### Granted Without a Strike.

New York, Sept. 23.—A strike of piano and organ makers employed in several factories has gone into effect to enforce demands for a 10 per cent increase of wages and the nine-hour work day. Two thousand men gained the demands without a strike.

## ADMITS HIS IDENTITY

William Hooper Young Forced to Acknowledge His Name.

### CONSENTS TO RETURN

He Agrees to Go Back to New York Without Forcing Requisition Papers—Also Recognized by a Former Partner.

Derby, Conn., Sept. 23.—William Hooper Young, for whom the police of New York have been searching in connection with the murder of Mrs. Anna Pulitzer, is now in the Derby jail. He was arrested by the local authorities and was fully identified. He has consented to return to New York without requisition papers.

In the guise of a tramp Young had been wandering about the country for several days, when he was arrested by the Derby police on suspicion. Although his description corresponded closely with that sent out by the New York officers, the prisoner at first stoutly denied any connection with the murder and even when he was confronted with a man who was formerly a fellow workman he still denied his identity. But upon the arrival of a man with whom he was intimately acquainted, the prisoner acknowledged that he was William Hooper Young. He will be taken to New York.

It was to Mac Levy, a physical culture instructor of Brooklyn, and Detective Sergeant Edward Hughes, of New York, that the prisoner admitted his identity. Levy and the detective arrived here and were at once conducted to the prisoner's corridor in the jail. The suspected man, who up to this time had insisted that he was Bert Edwards, of Portland, Ore., was taken from his cell and met Levy in the corridor.

"Hello, Hooper," exclaimed Levy as soon as the prisoner appeared. There was no response and no sign of recognition from the suspected man, but when Levy again saluted him, he said calmly:

"I don't know you."

"Of course you know me," said Levy, and placing his hand on the shoulder of the prisoner, he spoke in a low tone for several minutes. The prisoner said:

"You should be sure of your identification. This is a terrible crime for which I am held."

Then at the command of one of the officers Young began to divest himself of his clothing that Levy might complete his identification, but before he had finished he was led back into his cell. Mac Levy and Detective Sergeant Hughes accompanied him. There the officer told the prisoner formally the reason for his arrest and the nature of the crime of which he is suspected. The prisoner then for the first time admitted that he was William Hooper Young. He talked with the officer regarding his return to New York, and expressed a willingness to go back at once without requisition papers.

While Detective Sergeant Hughes was talking with Young an acquaintance of the latter, Dixie Anzer, of Hoboken, passed by the cell and looked in. Mr. Anzer, who was formerly a business partner of Mr. Young, was somewhat in doubt about the identity of Young, but as he went by the prisoner raised his head and exclaimed:

"Hello, there's Ansey."

While Mr. Levy's identification of Young and the latter's own admission cleared up all certainty regarding the case, the police had been positive for several hours that they had the man they wanted.

#### Enormous Wheat Shipments.

Galveston, Tex., Sept. 23.—The enormous wheat shipments through Galveston continue. The Santa Fe has 170 cars of wheat in the yards which is being unloaded into the elevators as rapidly as possible. The elevators have been running day and night for some time and are taking the wheat from the cars and loading into the ships as fast as modern machinery and equipment enables them to handle it. The Santa Fe has brought in an average of 100 cars of wheat per day this month, and other roads are also bringing in their share of the large wheat movement.

#### Pioneer Woman Dead.

## HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

NO PERMANENT GOOD.

Secretary Hay's Note as to Treatment of  
Jews in Roumania.

London, Sept. 23.—"Nothing that would be of any permanent good can result from Secretary Hay's note to the powers on Roumania's treatment of the Jews unless somebody is willing to crush Roumania and no power seems anxious to take on that task."

The foregoing quotations from utterances of an experienced British official represents the real opinion of the British foreign office on the subject of negotiations between America and Europe and represent it with terse, straightforwardness which is not likely to figure in guarded diplomatic replies which Hay's note will eventually produce.

The Associated Press is to able say Great Britain's back up of the United States in Roumania matter has only produced the evidence that the signatories of the Berlin treaty absolutely refuse to take other than merely sentimental action towards alleviating the persecution of the Jews.

Ticket May Be Changed.

Saratoga, N. Y., Sept. 23.—In speech following his selection as chairman of the King's county delegation Lieutenant Governor Woodruff said it was by no means certain the ticket as now arranged would be nominated. Subsequently he explained to inquirers that he did not think Sheldon would be nominated, adding that sentiment was against him.

Both Cases Dismissed.

Birmingham, Ala., Sept. 23.—The cases against John Ballou, the Baltimore negro attorney, and Will Hicks, the Birmingham negro, who had a difficulty in the choir loft at the Shiloh Baptist church when the calamity occurred, were not pressed in the criminal court here. The pastor recommended this course.

## BIG OIL DEAL.

Holdings of Sour Lake Company Purchased by English Syndicate.  
Beaumont, Tex., Sept. 23.—W. T. Campbell, manager of the Hogg-Swayne syndicate, has authorized the statement that the Hogg-Swayne syndicate is in no wise concerned in the purchase of the property of the Sour Lake Springs company, as reported. The story obtained circulation through the fact that a deal has been made whereby an English syndicate, which is represented in this country by J. B. Roach, has purchased the entire holdings of the Sour Lake company.

Mr. Roach is out of the city, but it is learned from a reliable source that the deal is in the nature of an option of six months' duration and that the contracts have all been signed. The consideration involved is \$1,000,000. It is stated also that it is the intention of this syndicate to begin a vigorous development of the Sour Lake field by putting down a number of new wells and otherwise equipping the field with tankage and pipe lines necessary to handle the oil.

The property purchased covers 100 acres of the best oil field at Sour Lake and includes the Sour Wells hotel property and other improvements. When Mr. Roach will return here is not known, but the facts as given above are vouched for on the best of authority, but in such a way that the statement can not be authorized by the informant.

Big Damages Asked.

Beaumont, Tex., Sept. 23.—D. R. Beatty has filed suit in the district court against the National Oil and Pipe Line company and the Texas Western Oil company, in which he asks for damages aggregating \$250,000.

Plaintiff's petition alleges in substance that said Beatty and A. Templeton were the only owners of an oil lease on what is known as the Adams ten-acre tract on Spindletop and that the lease was subsequently sold to the Texas Western Oil company and later to the National Oil and Pipe Line company, and the plaintiff alleges that he has never received his proportion of the profits accruing from the sale of the lease, to his damage in the sum stated above.

Plaintiff further alleges that he is informed that the Texas Western company is about to distribute the money received from the sale of this lease among its stockholders, and, if this is done, the defendant will be unable to respond to his claim for damages. It is also alleged that the plaintiff is informed that \$350,000 of the amount due the Texas Western by the National company is represented by negotiable paper evidencing such indebtedness, and an injunction is asked to restrain defendants from disposing of said paper or any portion of the money or stock belonging to plaintiff under the terms of his contract.

FIGHT TO DEATH.

Four Men Killed, One Mortally Wounded and Several Hurt.

Eufaula, I. T., Sept. 23.—In a fight among feudists at Spokegee, I. T., Monday four men were killed one mortally wounded and several others slightly injured. The dead are:

Willis Brooks.  
Clifford Brooks.  
John Brooks, all of the Brooks faction.

Old man Riddle of the Riddle faction.  
John Brooks was mortally wounded. Of the half dozen others who were shot three were spectators, but none were seriously injured.

ONE SIDE OF FIGHT.

John McFarland Tells of the Battle in Which He Was Principal.

Eufaula, I. T., Sept. 23.—Describing the feud fight between the Brooks' and Riddle factions at Spokegee, I. T., in which Willis, John and Clifford Brooks and "Old man" Riddle were killed and John Brooks mortally wounded, James McFarland, of the Riddle party Monday night said:

"Willis Brooks and his two sons, Cliff and John came to Spokegee armed and met Riddle at the postoffice. John Brooks stopped the old man and threatened to kill him. I was standing on the corner when Riddle ran and Willis Brooks threw a cartridge into his gun and said he would 'kill Riddle for luck.' He fired and missed, but Cliff Brooks then shot Riddle in the back of the head as he ran out. He fell dead. He was unarmed. John Brooks then told his father to look at me, standing on the corner. Willis Brooks and his boys began firing at me and I returned the fire. Willis Brooks, fell, arose, and began shooting again but finally fell for good. The boys then went down, shooting to the last."

McFarland and the other Riddleites surrendered and are in jail.

Trouble With Negroes.

Frisco, Tex., Sept. 23.—Considerable excitement prevails here on account of race feeling. A committee of about thirty citizens have notified the negroes to leave town, while a petition has been circulated and signed by about a dozen citizens asking them to remain. There are 100 or more who say they will run them out and a majority on both sides are armed. Trouble is feared.

Killed in a Wreck.

Paducah, Ky., Sept. 23.—A spreading rail which wrecked an Illinois Central freight train at Boaz, sixteen miles below this city, demolished twelve cars of merchandise and five empties. Joe Milburn of Mayfield, Ky., who was riding on a tank car, was killed. A negro trainman is believed to be dead in the wreckage.

## CLUB SEASON OPENS.

Brilliant Musical Entertainment Given by Mrs. W. H. Oliver.

The new club year may be said to have formerly opened locally yesterday afternoon with a brilliant musical entertainment given by Mrs. William Holt Oliver, president of the Shakespeare club.

The invitation lists contained the names of one hundred ladies of Bryan and College and nearly all of them were present. It was the first social function of importance this season and new gowns of exquisite texture and design were much in evidence.

The rooms, arranged en suite, were artistic in the absence of design in the decorations. Plants and flowers were disposed with "disorderly order and careless care."

Entering the reception hall, the guests were received by Mrs. M. Parker, Mrs. G. S. Parker, Miss Friend, Madames P. S. Tilson, H. G. Rhodes, M. W. Sims, L. L. McInnis, Edward Hall and Paul M. Rayson, and thence ushered into the parlor to be received by Mrs. Oliver, Mrs. A. B. Carr Jr., Mrs. F. E. Pryor, Mrs. Frank Clarke, Mrs. John B. Hines, Mrs. J. A. McQueen, and Mrs. H. A. Berger.

A thoroughly artistic program of classical music with piano and violin was given by Herr Fritz Schmitz and Mrs. Estelle Roy-Schmitz of Dallas. Both are well known as among the leading musicians of the state, and the opportunity of hearing them was an infinite delight to the ladies present. The selections were from Bach, Handel, Haydn, Wagner, Mozart, Beethoven, Schubert and other immortals.

Cream and cake in dainty form were served for refreshment. The delicious punch was dispensed by the young ladies of the Shakespeare club from a bowl embedded in natural plants and flowers.

Pitt Barnes of Waco, was in town yesterday.

John Darter of Madison county, was in the city yesterday.

Miss Kate Friend of Waco is the guest of Mrs. W. H. Oliver.

George Deaton returned to Ledbetter yesterday, accompanied by Mrs. M. A. Patterson.

Frank J. O'Donnell, general press agent for Buffalo Bill's Wild West show, called on the Eagle while in the city yesterday.

Mr. John Bates of Madison county, has purchased the City market of Mr. John W. Hicks. The latter contemplates moving out west.

Tip Holloman, Bob Allphin, Malone Hill, John Thompson, John Linley and others were here yesterday from Madison and Leon counties, bringing ten or twelve wagons of cotton.

The National Entertainment company will appear at the opera house assisted by local talent, in matinee and night performance for the benefit of the school library Thursday night, September 25. Admission matinee, 10 and 25c; at night 15, 25 and 35 cents. The wonderful life motion picture machine, wonderful, entertaining and instructive will be operated by Prof. S. H. Nikkel. There will also be illustrated songs and a lecture.

Beginning at 4:30 Friday afternoon Sept. 26, and continuing Friday night the Merry-Go-Round, located just south of the H. & T. C. passenger depot, will be run for the benefit of Class No. 3 of the Methodist Sunday School. This class is composed of little girls who have pledged themselves to raise funds for a handsome communion table for the new Methodist church. Keep the date in mind and be on hand for a good time.

John Kestler has opened up a shop for first-class carriage and sign painting. He has secured the services of an expert carriage and sign painter and wants to make all the old buggies, carriages and signs new. Shop at Braatz old stand on North Main Street.

Walker, Albert Bullock, Trent Newton, John Friley, Deb Batte attended the blow out given by the Maccabees at Navasota last night.

Jas. Wilson Jr. of Edge, was in the city yesterday accompanied by his uncle, Rev. James Wilson, who was here to consult an oculist.

Ring phone 242 for all kinds of bicycle repairs. Earl Beard. 254

Lost.—A ladies watch, between Henry Rohde's residence and the merry-go-round. Finder please leave at Eagle office.

Prof. J. H. Connell of Dallas passed through the city yesterday en route East Texas to attend farmers' institutes. He was accompanied by Prof. Green of the College.

Work is progressing satisfactorily on the new Methodist church. Finishing work is being done in the spacious Sunday school room. A large part of the tin roof has been put on, and the pressed brick work is beginning to show up well. The building already gives promise of the great beauty that will characterize it.

## CULTIVATION OF RICE

Company Proposes to Irrigate by an Entirely New Plan.

### TO USE ELECTRICITY

Instead of Storage Reservoirs Numerous Wells Will Be Placed on the Plantation and the Water Pumped Over Fields.

New Orleans, Sept. 23.—Messrs. Nahl and Graybill are here from Houston, Texas, for the purpose of securing material for the construction and equipment of a large electrical plant for irrigation purposes on a tract of 10,000 acres of rice land near Houston. These parties say they have expended considerable money in making necessary tests and experimenting, and are ready to demonstrate to a reasonable certainty that their plan is the right and practical idea.

They propose to put the new plans into operation immediately. These plans are to erect centrally located an electrical power plant on the plantation which will operate a series of pumps in wells that are put down at proper intervals throughout the tract. The power will be conveyed from place to place by wires. A rice mill will be erected, operated with the same power and a good sized town nearby will be lighted. In short, every portion of the motor power on the plantation will be furnished from the electric plant.

It is calculated the cost of equipping the 10,000-acre tract with an electric plant will be \$250,000. This will be just \$25 per acre. This estimate will include the rice mill, which will be entirely modern. They have made water tests and are prepared to demonstrate that an inexhaustible supply of water underlies their land and that of from only fifty to sixty feet.

"Our electrical pumping and milling plans are cheaper than the ordinary canal irrigation plan," said Nahl. "We will never be at the mercy of dry weather, which occasionally makes it impossible to get the necessary amount of water from the rivers and streams even when the irrigation canals are in perfect condition."

### RIGGIN'S IMPEACHMENT.

Waco Applies to Court of Appeals to Dissolve the Injunction.

Austin, Sept. 23.—City Attorney Alan D. Sanford of Waco has filed a petition with the court of civil appeals praying the court to dissolve its injunction restraining the city council of the city of Waco from further action in the impeachment proceedings against Mayor J. W. Riggins. The petition recites as reason for dissolving the injunction that neither the district courts nor the court of civil appeals has jurisdiction to grant injunctions as the city can by rights of its charter remove any officer without interference by the courts. The court set Friday morning to hear arguments in the case.

The railroad commission has issued its new tables of mileage of the railroads in Texas. The new table becomes effective Oct. 1. It is revised up to date and contains all stations on the International and Great Northern and Texas and New Orleans extensions. While there are several railroads which have not sent in their annual report which should have been done Sept. 15, it is not believed the attorney general will take any action as the roads promised to send in reports at an early date.

### No Settlement at Palestine.

Palestine, Tex., Sept. 23.—The long-looked-for settlement of the machinists' strike which is still on here, has not yet materialized and there is now very little hope that it will be settled at least any way favorable to the strikers. Some of them still remain here, but most of them have gone to other places to work. The railroad officials are firm and say they have plenty of competent men to handle their machines, while some of the strikers say the engines are daily getting into bad condition.

### Man Eating Lion Dead.

Hobart, Okla., Sept. 23.—Nick Wallace, the great man-eating lion, who had a record of eleven men and two horses, died in Hobart, Okla., on Sept. 16. He was the property of a circus, which was in Hobart at the time of his death. Nick Wallace was the oldest and largest lion ever taken into captivity, and during his twenty-five years of confinement, has traveled throughout the United States, the property of various circus men.

### Fire Damage Repaired.

Beaumont, Tex., Sept. 23.—Property owners in the area on the Keith-Ward tract, which was burned over by the recent fire, are rapidly putting the place back in better shape than it was before the fire. New derricks have been built over nearly every well and pumping machinery is being placed as fast as it is received. It is more than probable that some of the wells will be producing within a few days.

### Test Case Will Be Made.

El Paso, Tex., Sept. 23.—Three saloon men were arraigned in the police court here Monday for keeping their doors open on Sunday in violation of the mayor's closing proclamation. Two of them are accused of selling liquor over the bar, but the third merely served intoxicants to guests at the table in his restaurant. He claims that he has a right to do this under the law and will make a test case of it.

## YOUNG AT NEW YORK.

The Alleged Murderer of Mrs. Pulitzer Placed in Prison.

New York, Sept. 23.—When the train from Derby, Conn., with William Hooper Young on board, arrived at the Grand Central station, there was a crowd of 400 or 500 at the station. The crowd was orderly and no demonstrations against Young were made, though preparations for taking care of Young and keeping the crowd from surrounding him had been made. When the train was stopped the passengers were told to keep their seats for a few minutes. Then Young, who was in a smoker, was taken off first. He was led to a closed carriage and accompanied by Detectives Hughes and Findlay and Hart, the prisoner's counsel, who came down from Derby with the party and was also driven to police headquarters. The prisoner hand-cuffed to Findlay, was led through the large crowd that had gathered to see him. He plainly was in a condition bordering on collapse when led up the steps into headquarters.

Young's departure from Derby was witnessed by several hundred persons at the railroad station, but he paid no attention to the curiosity spectators. He looked fresh and much better than Monday when he went through the trying ordeal of identification. The prisoner made no objection to his removal to New York.

William F. Hart of New York, who has been retained as counsel for Young, said:

"If this man is sane; if he is all right, I do not know what to think. His story is more like that of a madman. It is simply wonderful. I want to have him examined by an expert on sanity before I go on. His motive was not revenge."

### LOGANPORT WAS OUT.

Crowd There Greets the President and Heard His Address.

Logansport, Ind., Sept. 23.—President Roosevelt and party reached Logansport at 7:15 o'clock this morning. A large crowd was assembled at the Wabash station to greet him. His stop was not long, but he made a speech from a platform built on the high school lawn. The party was driven to the high school at a brisk trot, Spanish war veterans and Grand Army of the Republic marchers could not keep up. Mayor Vaughan introduced the president, and the speaker was interrupted frequently by cheers. Upon the platform were seated fifteen persons, and the president shook hands with a few of these before leaving. Others tried to shake hands as he climbed in his carriage. The crowd seemed to resent this, for when President Roosevelt was here during the last campaign he shook hands with every one who could get near enough.

Four of the local police force mounted were detailed to guard the president's carriage, and they had about all they could do keep within range. Secret service men accompanying the president were in a carriage next to the president and kept a watchful eye on the crowd.

### FROM THE ORIENT.

Boxer Chiefs Excite Their Followers to Insurrection of Shen Si.

Victoria, B. C., Sept. 23.—The steamer Tacoma from the orient brings advices from Peking that the Mandarins have been informed from Cheng Tu Scheunwe where the boxer out-breaking has assumed such proportions, that Li Lai Chung, principal chief of the boxers of Shen Si, and Lieutenant Prince Tuan have arrived at Cheng Tu just prior to the outbreak and fomented the insurrection. The correspondent at Cheng Tu says the mere presence of this man aroused the boxers to frenzies of enthusiasm.

From Singapore the steamer brought news that the Siamese have sent a warship to kidnap the rajah of Tulobin and the rajah of Ptni, who was kidnapped some time, been postponed. The rajah of Tulobin too is to be kidnapped as was the other rajah in order to compel him to sign the document by which he abandons the right to the kingdom of Siam. Intense indignation prevails among the Malays.

### Earnings of the Wabash.

New York, Sept. 23.—Gross earnings of the Wabash railroad according to the annual report just issued, shows an increase for the year of \$1,049,028 and the net earnings were increased \$403,687. The net surplus is \$201,460, an increase of \$108,324. The report of O. D. Ashley, chairman of the board, states that during the year a mortgage of \$3,500,000 was executed to acquire the Omaha and St. Louis railway.

### Damage for Loss of Whiskers.

New York, Sept. 23.—A peculiar damage suit has been brought against a street railway company of this city by Simon Kurtz, who seeks to recover the sum of \$10,000 because of a fall which compelled him to shave off his beard. Kurtz is a cantor, or singer in a synagogue. Since losing his beard he declares he can no longer follow his profession under the rules of the church.

### Horse Show Rules and Prizes.

New York, Sept. 23.—The prize list for the eighteenth annual exhibition of the National Horse Show association to be held at Madison Square Garden in the week beginning Nov. 17, has just been issued. It contains conditions governing 119 competitors—one more than last year—for prizes aggregating \$30,000. Entries will close Oct. 25.

### Apples Trees in Bloom.
